

SPONSOR INFORMATION

Portland, Maine | September 30 - October 2, 2025

WHAT IS THE WRMC?

The core objective of the Wilderness Risk Management Conference (WRMC) is to offer an outstanding educational experience to help people mitigate the risks inherent in exploring, working, teaching, and recreating in wild places. The WRMC provides a forum to learn and share common practices in wilderness risk management and contributes to a culture of open dialogue among outdoor industry professionals.

The WRMC will hold its 32nd annual conference in Portland, Maine, this year!

WRMC SPONSORSHIP HISTORY

The WRMC started in 1992 as a small gathering of industry professionals coming together to discuss and improve risk management practices for outdoor wilderness programs. After the small committee of a few managers from organizations such as National Outdoor Leadership School, Outward Bound, Wilderness Medicine Society, National Parks Service, and others met again in 1993 - it was determined that a far more effective method of sharing information and learning from each other's experiences would be to convene an even broader group of professionals in the form of a conference. Since then, the WRMC has been held annually in different locations across the U.S. and Canada.

The WRMC community is grateful for the sponsors of years past and present that make this invaluable experience possible for attendees and presenters.

Past sponsors include: Osprey, Deuter, Clif Bar, Prescott College, Experiential Consulting, College Outside, Outward Bound, Student Conservation Association, Garmin, The Wilderness Society, Outdoor Gear Exchange, Hilleberg, Cornerstone Safety Group, & more!
